

Designar::DL

Designar::ContainerAlgorithms< DLinkedList< T >, T >

Designar::DLinkedList< T >

```
graph BT; Designar_DLinkedList[Designar::DLinkedList< T >] --|> Designar_DL[Designar::DL]; Designar_DLinkedList --|> Designar_ContainerAlgorithms[Designar::ContainerAlgorithms< DLinkedList< T >, T >];
```

The diagram illustrates a class hierarchy. At the bottom is the base class `Designar::DLinkedList< T >`. Two arrows point upwards from this base class to the derived classes `Designar::DL` and `Designar::ContainerAlgorithms< DLinkedList< T >, T >` located above it.
